Re: Oil leaving the property at 1306 N. Stewart Ave. (AAMCO Transmissions)

Karen Chandler and I checked out a complaint that this office received about oil running off the lot at the AAMCO Transmission dealer (5-17-85). Mr. Al Thornton, owner, was contacted. Mr. Thornton stated that they had washed down their garage area yesterday. They only have 2 small floor drains in the building, consequently all of the water and some oil flows out of the garage onto their lot and then into the street. Mr. Thornton said that he was thinking about putting in a floor grate across the garage area, but that he did not own the building and would have to check with his landlord. Mr. Thornton also said that he would do whatever it took to correct the problem.
